March 7, 2024

I. OVERVIEW/HISTORY:

Per Education Code section 41020, each year districts are required to conduct an annual audit of funds under the jurisdiction of the Governing Board by December 15.

The firm of Crowe LLP audited the financial statements of the district for the year ended June 30, 2023. The audit is conducted in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. These standards require that the audit is planned and performed to obtain reasonable assurance about whether the financial statements are free of material misstatement. The audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. The audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation and internal controls.

Findings and recommendations are reviewed by district staff with corrective action responses provided in the audit report. In addition, the prior year findings and recommendations section of the audit report reflects the status of previously identified corrective actions.

Staff and Crowe LLP will present the 2022-23 audit report at tonight's December 14, 2023 Board Meeting.

II. DRIVING GOVERNANCE:

- Education Code section 41020 outlines the requirements for the annual audit; scope of examination; licensing requirements and other limitations; contents of auditor's report; corrections; certification.
- Education Code section 41020.3 states that by January 31 of each year, the governing body of each local education agency shall review, at a public meeting, the annual audit of the local education agency for the prior year, any audit exceptions identified in that audit, the recommendations or findings of any management letter issued by the auditor and any description of correction or plans to correct any exceptions or management letter issue.

III. BUDGET:

The cost of the annual audit for the year ending June 30, 2023 was \$145,000. This is a General Fund expenditure.

Report on the Audit of the Financial Statements***Opinions***

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Sacramento City Unified School District, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Sacramento City Unified School District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Sacramento City Unified School District, as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards (Government Auditing Standards)*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Sacramento City Unified School District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

(Continued)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Sacramento City Unified School District 's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sacramento City Unified School District 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Sacramento City Unified School District 's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 to 15 and the General Fund Budgetary Comparison Schedule, the Schedule of Changes in Net OPEB Liability and Related Ratios, Schedule of The District's Contributions - OPEB, the Schedule of the District's Proportionate Share of the Net Pension Liability, and the Schedule of the District's Contributions on pages 61 to 67 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

(Continued)

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Sacramento City Unified School District 's basic financial statements. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and other supplementary information are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and, except for that portion marked "unaudited", was derived from, and relates directly to, the underlying accounting and other records used to prepare the basic financial statements. The information, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole. The information marked "unaudited" has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 27, 2024 on our consideration of the Sacramento City Unified School District 's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Sacramento City Unified School District 's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Sacramento City Unified School District 's internal control over financial reporting and compliance.

Management’s Discussion and Analysis

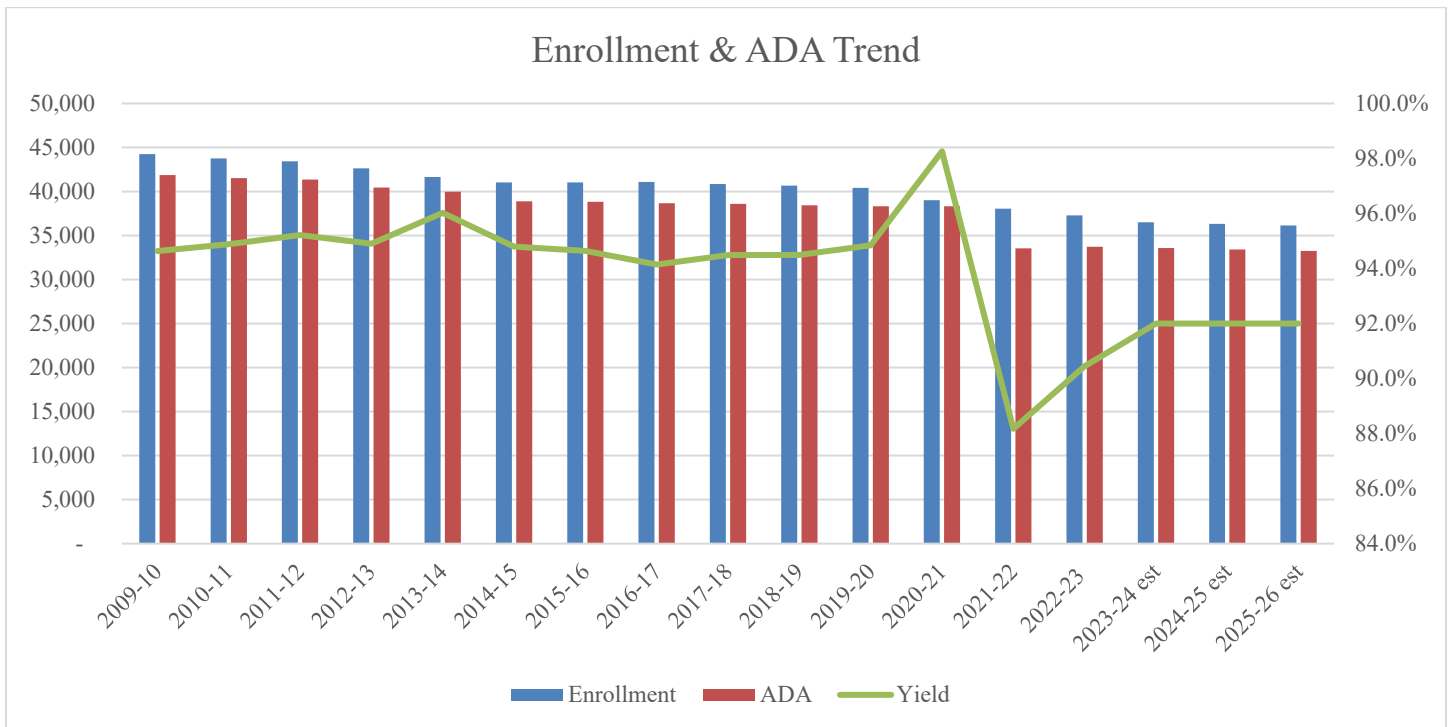

The Management’s Discussion and Analysis (MD&A) Section of the audit report is District management’s overall view of the District’s financial condition and provides an opportunity to discuss important fiscal issues with the Board and the public. The MD&A is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34. Certain comparative information is required to be presented in this document.

District Overview

Sacramento City Unified School District (the “District”), located in Sacramento County, is the twelfth-largest school district in California, with a student enrollment of 43,066. The District provides educational services to the residents in and around Sacramento, the state capital. Although the District operates under the jurisdiction of the Sacramento County Office of Education, it has attained ‘fiscal accountability’ status under the California Education Code.

For fiscal year 2022-23, the District operated forty-three elementary schools (grades K-6), six elementary/middle schools (grades K-8), six middle schools (grades 7-8), two middle/high schools (grades 7-12), seven high schools (grades 9-12), three alternative schools, one special education centers, two adult education centers, two dependent charter elementary schools (grades K-6), three dependent charter high schools (grades 9-12), seven independent charters residing in District facilities, three independent charters not residing in District facilities, twenty preschool programs, and forty transitional kindergarten programs.

The graph below shows the District’s enrollment trend, net of charter school enrollment. The District’s enrollment and average daily attendance (ADA) continue to decline year over year. The District is funded based on its ADA, which is tracked daily with staff following up on areas of concern. The District averages approximately 94.3% ADA to enrollment. The chart below illustrates the District’s projected enrollment, ADA, and funded ADA:

COVID-19 Impacts

The impacts of the ongoing COVID-19 pandemic remain, yet they are steadily decreasing as time is moving forward. Despite initial projections indicating higher enrollment based on historical trends, the district encountered a reduction in enrollment attributable to the enduring impact of the pandemic. The district experienced a decline in enrollment from 2021-22 to 2022-23, decreasing from 38,043 to 37,289, or 1.9% decline compared to the district's historical average of .5%.

The district has continued to utilize one-time COVID related funding to mitigate the financial and programmatic impacts described above. This downturn contributed to a decline in the average ratio. Importantly, there has been a noticeable decrease in the impacts of COVID, representing a positive development from a financial perspective.

As we navigate through the challenges posed by the pandemic, the district is focused on transitioning into the post-pandemic environment. Projections for the future indicate an anticipated improvement in the ADA to enrollment ratio. The strategic approach moving forward aims to address evolving dynamics and foster a more positive balance between ADA and enrollment in the aftermath of the pandemic.

Emergency School Closures

On December 27, 2022, the Governor of California declared a statewide state of emergency in response to severe storms, causing persistent adverse weather conditions in the Sacramento area and subsequent power outages at various district campuses, including the closure of all district schools on January 9, 2023. In compliance with Education Code Section 41422, the district enacted emergency closures and submitted emergency waiver requests to the state for school closures on December 21, 2022, January 9, 2023, January 10, 2023, and February 24, 2023. The District's responsible response to the emergency not only ensured the safety and well-being of its students and staff but also reflected a positive financial outlook. This proactive approach demonstrates the District's commitment to preparedness for unexpected and significant events. As we navigate such challenges, the District remains consistent in its dedication to maintaining fiscal responsibility and safeguarding the continuity of education for its community. The successful approval of J-13A requests for all campus closures by the California Department of Education (CDE) further underscores the District's prudent financial management during unforeseen circumstances.

Governance

The District is governed by a Board of Education consisting of seven members and one non-voting student member. The regular members are elected to staggered four-year terms every two years. As a result of the passage of two ballot measures at the November 7, 2006 election, beginning in 2008, Board member elections are no longer held district-wide but instead are held among voters who reside in each of seven trustee areas.

Strategic Plan and Guiding Principle

The District's *Strategic Plan 2016-2021* makes a commitment to provide every student with access to opportunities for success. It functions like a blueprint, outlining a vision for our schools in the future and providing the steps necessary to attain the vision. The Strategic Plan also guides the District's Local Control and Accountability Plan, pairing actions with resources.

The District's Mission:

Students graduate as globally competitive lifelong learners, prepared to succeed in a career and higher education institution of their choice to secure gainful employment and contribute to society.

The District's Vision:

Every student is a responsible, productive citizen in a diverse and competitive world.

The District's Core Values:

- **Equity:** Commitment to reducing the academic achievement gap by ensuring that all students have equal access to the opportunities, supports and the tools they need to be successful.
- **Achievement:** Students will be provided with a relevant, rigorous and well-rounded curriculum, with the expectation that all will be well prepared for a career and post-secondary education.
- **Integrity:** Communication and interaction among and between students, parents, staff, labor and community partners is defined by mutual respect, trust and support.
- **Accountability:** Commitment to transparency and ongoing review of data will create a culture focused on results and continuous improvement in a fiscally sustainable manner.

The District's Goals:

- **College, Career and Life Ready Graduates:** Challenge and support all students to actively engage in rigorous and relevant curriculum that prepares them for college, career, and a fulfilling life, regardless of zip code, race/ethnicity, ability, language proficiency, and life circumstance.
- **Safe, Emotionally Healthy and Engaged Students:** Provide supports and opportunities to ensure that every student succeeds, with safe school environments that foster student engagement, promote daily attendance, and remove barriers to learning.
- **Family and Community Empowerment:** Commit to a welcoming school environment for our community; recognize and align district partnerships; and provide tools and family empowerment opportunities that are linked to supporting student academic achievement and social emotional competencies in order for families to be equal and active partners in their child's educational success.
- **Operational Excellence:** Be a service-focused organization. Consistently serve students, families, staff and community with efficient and effective programs, practices, policies and procedures at every point of contact across the district.

In addition to the Strategic Plan, the District's Equity, Access, and Social Justice Guiding Principle – All students are given an equal opportunity to graduate with the greatest number of postsecondary choices from the widest array of options – guides decision making and resource allocation.

Overview of the Financial Statements

This annual report consists of five parts: (1) management's discussion and analysis (this section); (2) the financial statements; (3) required supplementary information; (4) other supplementary information and (5) findings and recommendations.

The remainder of the MD&A highlights the structure and contents of each of the statements.

The financial statements include two kinds of statements that present different views of the District: district-wide financial statements and fund financial statements. The financial statements also include notes that explain some of the information in the statements and provide more detail.

The first two statements are district-wide financial statements that provide both short-term and long-term information about the District's overall financial position. The Statement of Net Position includes all of the District's assets and liabilities and deferred outflows and inflows of resources. All current year revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid. The District's activities are divided into two categories:

- Governmental activities – Most of the District's basic services are included here, such as regular and special education, transportation and administration. State support from the Local Control Funding Formula (LCFF) and categorical apportionments finance most of these activities.
- Business-type activities – The District does not currently have any business-type activities.

These two financial statements start on page 16.

The remaining statements are fund financial statements that report on the District's operations in more detail than the district-wide statements. These statements begin on page 18.

District-wide Financial Condition

The Statement of Net Position is a district-wide financial statement that reports all that the District owns (assets) and owes (liabilities). The District displays the book value of all district assets including buildings, land and equipment, and related depreciation, in this financial statement. Land is accounted for at purchase cost, not market value, and is not depreciated. Many school sites have low values because the District acquired the land many decades ago. School buildings are valued at their historical construction cost less depreciation. Comparative financial information as of June 30 from the Statement of Net Position is summarized in the following table:

	June 30, 2023	June 30, 2022	Variance	% Diff
Capital Assets	664,601,498	626,455,604	38,145,894	6%

Total Net Position	\$ (317,491,708)	\$ (617,516,944)	\$ 300,025,236	49%

At the end of fiscal year 2022-23, the District had a total value of \$1,393,948,424 in capital assets. Capital assets include land, buildings, site improvements, equipment and work in progress. Total accumulated depreciation amounted to \$729,346,926. Net capital assets totaled \$664,601,498, a decrease of \$38,145,894 from prior year. Current and other liabilities include accounts payable, unpaid self-insurance claims and unearned revenue. The District ended the year with a total of \$1,677,847,055 in outstanding obligations, which was an increase of \$331,393,863 over the prior year. The primary reason for the increase in liabilities was an increase of long term liabilities of \$331,393,863. On July 21, 2022, the District issued 2022 General Obligation Bonds totaling \$225,000,000. Bond proceeds are to be used for construction related projects. In addition, on July 21, 2022, the District issued 2022 General Obligation Refunding Bonds totaling \$55,845,000.

The Statement of Activities is a district-wide financial statement that reports the District's cost of instruction and other district activities, and the resources that fund individual and general activities of the District. Comparative financial information for the year ended June 30 is presented in the following table:

	June 30, 2023	June 30, 2022	Variance	% Diff

-------------------------------	----------------------	----------------------	----------------------	-------------

The District overall experienced a \$181,989,648 increase in net position. Total revenues increased by 30% or \$220,130,680 from fiscal year 2021-22, primarily due to an increase in unrestricted federal and state aid and in interest and investment earnings. Total expenditures increased by 6% or \$38,141,032 from the 2021-22 fiscal year. The slight increase in expenditures is primarily due to an increase in instruction, plant services, and interest on Long-Term Debt costs.

REVENUES

The fund financial statements provide more detailed information about the District's most significant funds. A fund consists of a self-balancing set of accounts that the District uses to track specific sources of funding and spending on particular programs:

- Some funds are required by State law and by bond covenants.
- The District establishes other funds to control and manage money for particular purposes (such as cafeteria funds) or to show that it is properly using certain revenues (such as community facility funds).

The District has three kinds of funds:

- Governmental Funds - Most of the District's basic services are included in governmental funds, which focus on (1) how cash, and other financial assets that can be readily converted to cash, flow in and out; and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the district-wide statements, we provide additional information at the bottom of the governmental funds statements that explain the relationship (or differences) between them.
- Proprietary Funds - Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the district-wide statements. Enterprise funds (one type of proprietary fund) are the same as business-type activities, but provide more detail and additional information, such as cash flows. The District does not currently have any business-type activities. Internal service funds (another type of proprietary fund) are used to report activities that provide supplies and services for the District's other programs and activities. The District currently has one internal service fund, the Self-Insurance Fund, which includes Workers' Compensation and Dental/Vision.
- Fiduciary Funds - The District is the trustee, or fiduciary, for assets that belong to others, such as the scholarship fund. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. All of the District's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. We exclude these activities from the district-wide financial statements because the District cannot use these assets to finance its operations.

General Fund Financial and Budgetary Highlights

The General Fund accounts for the primary operations of the District. The District's initial budget is adopted by July 1. Over the course of the year, the District's budget is revised several times to account for revised and new categorical funding appropriations and related expenditures, and to update budgets for prior year carryover amounts. The budget may also be revised to reflect mid-year changes to the State Budget which affect district funding. Additionally, the District is required to prepare expenditure reports and must include multi-year projections at least twice a year. The following table summarizes the General Fund budget to actual information for the year ended June 30, 2023:

	Adopted Budget	Year End Budget	Actual
Total Revenues	\$689,889,933	\$836,056,554	\$797,964,113
Total Expenditures	\$650,065,110	\$768,350,355	\$653,164,085
Total Other Financing Sources/(Uses)	\$2,342,426	\$3,467,968	\$3,279,910

The net revenue increase of \$146,166,621 between the Adopted Budget and Year-End Budget is due to an increase in Federal and State Revenue, primarily resulting from the recognition of COVID-related funding sources, as well as carryover funds from the 2022-23 year-end closing process.

The net increase to the total expenditure budget between Adopted and Year End Budget was \$118,285,245, primarily due to budgeting expenditures for COVID related funding sources and the increase in salaries and benefits as a result of bargaining unit settlement agreements.

Actual revenues were \$797,964,113, or 4.56% below the Year End Budget, due primarily to changes in the recognition of COVID related funding sources due to less expenditures than projected. Actual expenditures were \$115,186,270 or 14.99% below Year End Budget due to expenditures less than projected in Title programs, COVID-related, CCSP, and federal special education funds.

The following table summarizes the General Fund financial statements for the year ended June 30, 2023:

Total Revenues	\$797,964,113
Total Expenditures	\$653,164,085
Total Other Financing Sources/ (Uses)	\$3,279,910
Net Change	\$148,079,938

District Reserves and Net Ending Balance

Revenues that have not been expended during a budget year are carried over for expenditure in the subsequent year and are identified as the District’s “Net Ending Balance.” Included within the projected net ending balance is a “reserve for economic uncertainties.” The State requires districts of this size to retain an amount equal to 2% of budgeted expenditures to cover unforeseen shortfalls in revenues or expenditures greater than budgeted. Also included in the net ending balance are carryover balances that originated from sources that can only be used for specific purposes. These “restricted” resources can only be spent on the purposes determined by the grantor, and the balances in these accounts carry the same restrictions as the originating revenue.

The District also has the option of committing or assigning the ending balance. Committing funds requires the Board of Education to designate the funds for any purpose by a majority vote at a Board meeting. Once the funds are committed, the amounts cannot be used for any other purpose unless the Board takes action to remove or change the constraints for the committed funds. The Board has not taken any action in 2022-23 to commit funds. Assigned ending balances are constrained by the District’s intent but are neither restricted nor committed. An example of assignment is designating the ending balance to be used for a future textbook adoption.

The chart below represents the District’s financial analysis of its Governmental and Proprietary Funds:

Capital Projects

Modernization and construction projects are scheduled to continue as we update our existing facilities and continue to close out construction projects. With the passage of Bond Measures Q and R in 2012 and Measure H in 2020, the District continues facility improvements, modernization and construction projects that enhance the learning environment.

District Indebtedness

As of June 30, 2023, the District has incurred \$1,467,939,991 in long-term liabilities. Of this amount, \$693,485,243 are General Obligation Bonds and Accreted Interest backed by property tax increases voted on by District residents in 1999, 2002, 2012 and 2020, and \$52,460,000 is Lease Revenue Bonds, backed by Developer Fees and Mello-Roos Community Facilities funds.

Financial Outlook

The overall financial strategy underscores anticipation of an improved State Budget and increased funding, contingent on stable or growing enrollment. Ongoing risks include a continued projected decline in ADA, increased operating expenditures, such as rising special education costs and pension and health premium increases, and uncertain future state resources. However, the District is projecting improved fiscal stability due to the increase in on-going state funding.

Proactive measures have been implemented over the past fiscal years to curtail expenditures and bolster reserves. The adoption of two Fiscal Recovery Plans, enacted on February 4, 2021, and December 17, 2021, demonstrates the District's commitment to addressing the persistent structural deficit. Encouragingly, the 2023-24 First Interim report projects positive cash balances at June 30 for the fiscal years 2023-24, 2024-2025, and 2026-2027.

The District continues to work with its labor partners, community stakeholders, and Sacramento County Office of Education fiscal advisor to maintain fiscal stability. This collaborative approach reflects a commitment to inclusivity and comprehensive engagement in the pursuit of financial well-being.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET -
TO THE STATEMENT OF NET POSITION
June 30, 2023

Total fund balances - Governmental Funds \$ 673,101,068

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used for governmental activities are not financial resources and, therefore, are not reported as assets in governmental funds. The cost of the assets is \$1,393,948,424 and the accumulated depreciation is \$729,346,926 (Note 4). 664,601,498

Long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. Long-term liabilities at June 30, 2023 consisted of (Note 6):

General Obligation Bonds	\$	(668,440,892)	
Accreted interest		(25,044,351)

Compensated absences		<u>(5,974,989)</u>	
			(1,467,939,991)

Internal service funds are used to conduct certain activities for which costs are charged to other funds on a full cost-recovery basis. Net position of the Self-Insurance Fund is: 12,328,878

In the governmental funds, interest on long-term liabilities is not recognized until the period in which it matures and is paid. In the government-wide statement of activities, it is recognized in the period that it is incurred: (10,165,360)

Losses on the refunding of debt are recognized as expenditures in the period they are incurred. In the government-wide statements, they are categorized as deferred outflows and are amortized over the life of the related debt. 879,383

Gains on the refunding of debt are recognized as income in the period they are incurred. In the government-wide statements, they are categorized as deferred inflows and are amortized over the life of the related debt. (5,317,304)

In governmental funds, deferred outflows and inflows of resources relating to other postemployment benefits (OPEB) are not reported because they are applicable to future periods. In the statement of net position, deferred outflows and inflows of resources relating to OPEB are reported (Note 10).

Deferred outflows of resources relating to OPEB	68,922,967		
Deferred inflows of resources relating to OPEB		<u>(297,299,781)</u>	
			(228,376,814)

In governmental funds, deferred outflows and inflows of resources relating to pensions are not reported because they are applicable to future periods. In the statement of net position, deferred outflows and inflows of resources relating to pensions are reported (Notes 8 and 9).

Deferred outflows of resources relating to pensions	120,155,934		
Deferred inflows of resources relating to pensions		<u>(76,759,000)</u>	<u>43,396,934</u>

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Sacramento City Unified School District (the "District") accounts for its financial transactions in accordance with the policies and procedures of the California Department of Education's *California School Accounting Manual*. The accounting policies of the District conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board. The following is a summary of the more significant policies:

Reporting Entity: The Board of Education is the level of government which has governance responsibilities over all activities related to public school education in the District. The Board is not included in any other governmental "reporting entity" as defined by the Governmental Accounting Standards Board since Board members have decision-making authority, the power to designate management, the responsibility to significantly influence operations and primary accountability for fiscal matters.

The District, Sacramento County Schools Education Facilities Financing Corporation (the "Corporation") and Sacramento City Schools Joint Powers Financing Authority (the "Authority") have a financial and operational relationship which meet the reporting entity definition criteria of the *Codification of Governmental Accounting and Financial Reporting Standards, Section 2100*, for inclusion of the Corporation and Authority as a component unit of the District. Therefore, the financial activities of the Corporation and the Authority have been included in the basic financial statements of the District as a blended component unit.

The following are those aspects of the relationship between the District, the Corporation and the Authority which satisfy *Codification of Governmental Accounting and Financial Reporting Standards, Section 2100*, criteria:

A - Manifestations of Oversight

1. The Corporation's and the Authority's Boards of Directors were appointed by the District's Board of Education.
2. The Corporation and the Authority have no employees. The District's Superintendent and Chief Business & Operations Officer function as agents of the Corporation and the Authority. Neither individual received additional compensation for work performed in this capacity.
3. The District exercises significant influence over operations of the Corporation and the Authority as it is anticipated that the District will be the sole lessee of all facilities owned by the Corporation and the Authority.

B - Accounting for Fiscal Matters

1. All major financing arrangements, contracts, and other transactions of the Corporation and the Authority must have the consent of the District.
2. Any deficits incurred by the Corporation and the Authority will be reflected in the lease payments of the District. Any surpluses of the Corporation and the Authority revert to the District at the end of the lease period.
3. It is anticipated that the District's lease payments will be the sole revenue source of the Corporation and the Authority.
4. The District has assumed a "moral obligation," and potentially a legal obligation, for any debt incurred by the Corporation and the Authority.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C - Scope of Public Service and Financial Presentation

1. The Corporation and the Authority were created for the sole purpose of financially assisting the District.
2. The Corporation is a nonprofit, public benefit corporation incorporated under the laws of the State of California and recorded by the Secretary of State. The Authority was created pursuant to a joint powers agreement between the District and the California Statewide Communities Development Authority, pursuant to the California Government Code, commencing with Section 6500. The Corporation and the Authority were formed to provide financing assistance to the District for construction and acquisition of major capital facilities. Upon completion the District intends to occupy all Corporation and Authority facilities. When the Authority's Lease Revenue Bonds have been paid with state reimbursements and the District's developer fees, title of all Corporation and Authority property will pass to the District for no additional consideration.
3. The Corporation's and the Authority's financial activity is presented in the financial statements in the Building Fund. Lease Revenue Bonds issued by the Authority are included in the government-wide financial statements. There are currently no outstanding Certificates of Participation under the Corporation as of June 30, 2023.

Basis of Presentation - Government-Wide Financial Statements: The Statement of Net Position and the Statement of Activities displays information about the reporting government as a whole. Fiduciary funds are not included in the government-wide financial statements. Fiduciary funds are reported only in the Statement of Fiduciary Net Position and the Statement of Change in Fiduciary Net Position at the fund financial statement level.

The Statement of Net Position and the Statement of Activities are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of Governmental Accounting Standards Board Codification Section (GASB Cod. Sec.) N50.118-.121.

Program revenues: Program revenues included in the Statement of Activities derive directly from the program itself or from parties outside the District's taxpayers or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the District's general revenues.

Allocation of indirect expenses: The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Depreciation expense is specifically identified by function and is included in the direct expense of the respective function. Interest on general long-term liabilities is considered an indirect expense and is reported separately on the Statement of Activities.

Basis of Presentation - Fund Accounting: The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A - Major Funds:

1. **General Fund:** The General Fund is the general operating fund of the District and accounts for all revenues and expenditures of the District not encompassed within other funds. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures and the capital improvement costs that are not paid through other funds are paid from the General Fund.
2. **Building Fund:** The Building Fund is a capital projects fund used to account for resources used for the acquisition or construction of capital facilities by the District.
3. **Bond Interest and Redemption Fund:** The Bond Interest and Redemption Fund is a debt service fund used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs. All records relating to the Bond Interest and Redemption Fund are maintained by the Sacramento County Auditor-Controller. The revenue for this fund is raised by school district taxes which are levied, collected, and administered by County officials. The Education Code stipulates that the tax rate levied shall be sufficient to provide monies for the payment of principal and interest as they become due on outstanding school district bonds.

B - Other Funds:

The Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. This classification includes the Student Activity, Charter Schools, Adult Education, Child Development and Cafeteria Funds.

The Capital Projects Funds are used to account for resources used for the acquisition or construction of capital facilities by the District. This classification includes the Developer Fees, County School Facilities and Community Facilities Funds.

The Self-Insurance Fund is an internal service fund used to account for services rendered on a cost-reimbursement basis within the District. The Self-Insurance Fund is used to provide workers' compensation, dental and vision benefits to employees of the District.

The Cafeteria Enterprise Fund is an enterprise fund within the District to operate a food service program including non-student related catering programs and other local food programs.

The Scholarship Fund is a trust fund used to account for amounts held by the District as Trustee, to be used to provide scholarships to students of the District.

Basis of Accounting: Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the basic financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

Accrual: The governmental activities in the government-wide financial statements and the proprietary and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

(Continued)

SACRAMENTO CITY UNIFIED SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2023

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Modified Accrual: The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term liabilities, if any, is recognized when due.

Budgets and Budgetary Accounting: By state law, the Board of Education must adopt a final budget by July 1. A public hearing is conducted to receive comments prior to adoption. The Board of Education complied with these requirements.

Receivables: Receivables are made up principally of amounts due from the State of California and Categorical programs. The District has determined that no allowance for doubtful accounts was required as of June 30, 2023.

Stores Inventory: Inventories in the General, Student Activity and Cafeteria Funds are valued at average cost. Inventory recorded in the General, Student Activity and Cafeteria Funds consists mainly of school supplies and consumable supplies. Inventories are recorded as an expenditure at the time the individual inventory items are transferred from the warehouse to schools and offices.

Capital Assets: Capital assets purchased or acquired, with an original cost of \$5,000 or more, are recorded at historical cost or estimated historical cost. Contributed assets are reported at acquisition value for the contributed asset. Additions, improvements and other capital outlay that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Capital assets are depreciated using the straight-line method over 3 - 30 years depending on asset types.

Deferred Outflows/Inflows of Resources: In addition to assets, the statement of net position includes a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s), and as such will not be recognized as an outflow of resources (expense/expenditures) until then. The District has recognized a deferred loss on refunding reported in the Statement of Net Position. A deferred loss on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter life of the refunded or refunding debt. Additionally, the District has recognized a deferred outflow of resources related to the recognition of the net pension liability and net OPEB liability reported in the Statement of Net Position.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and as such, will not be recognized as an inflow of resources (revenue) until that time. A deferred gain on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter life of the refunded or refunding debt. Additionally, the District has recognized a deferred inflow of resources related to the recognition of the net pension liability and net OPEB liability reported in the Statement of Net Position.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Pensions: For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the State Teachers’ Retirement Plan (STRP) and Public Employers Retirement Fund B (PERF B) and additions to/deductions from STRP’s and PERF B’s fiduciary net position have been determined on the same basis as they are reported by STRP and PERF B. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Certain investments are reported at fair value.

	<u>STRP</u>	<u>PERF B</u>	<u>Total</u>
Deferred outflows of resources	\$ 70,560,877	\$ 49,595,057	\$ 120,155,934
Deferred inflows of resources	\$ 63,873,000	\$ 12,886,000	\$ 76,759,000
Net pension liability	\$ 241,143,000	\$ 152,425,000	\$ 393,568,000
Pension expense	\$ 31,591,980	\$ 13,885,003	\$ 45,476,983

Compensated Absences: Compensated absences totaling \$5,974,989 are recorded as a long-term liability of the District. The liability is for the earned but unused benefits.

Accumulated Sick Leave: Sick leave benefits are not recognized as liabilities of the District. The District’s policy is to record sick leave as an operating expenditure or expense in the period taken since such benefits do not vest nor is payment probable; however, unused sick leave is added to the creditable service period for calculation of retirement benefits for certain STRP and PERF B employees, when the employee retires.

Unearned Revenue: Revenue from federal, state, and local special projects and programs is recognized when qualified expenditures have been incurred. Funds received but not earned are recorded as unearned revenue until earned.

Net Position: Net position is displayed in three components:

1. Net Investment in Capital Assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances (excluding unspent bond proceeds) of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
2. Restricted Net Position - Restrictions of the ending net position indicate the portions of net position not appropriable for expenditure or amounts legally segregated for a specific future use. The restriction for legally restricted programs represents the portion of net position restricted to specific program expenditures. The restriction for debt service repayments represents the portion of net position which the District plans to expend on debt repayment in the ensuing year. The restriction for capital projects represents the portion of net position restricted for capital projects. The restriction for scholarships represents the portion of net position to be used to provide financial assistance to students of the District. It is the District’s policy to first use restricted net position when allowable expenditures are incurred.
3. Unrestricted Net Position – All other net position that does not meet the definitions of "restricted" or "net investment in capital assets".

Fund Balance Classifications: Governmental Accounting Standards Board Codification Sections 1300 and 1800, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB Cod. Sec. 1300 and 1800) implements a five-tier fund balance classification hierarchy that depicts the extent to which a government is bound by spending constraints imposed on the use of its resources. The five classifications, discussed in more detail below, are nonspendable, restricted, committed, assigned and unassigned.

(Continued)

SACRAMENTO CITY UNIFIED SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2023

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A - Nonspendable Fund Balance: The nonspendable fund balance classification reflects amounts that are not in spendable form, such as revolving fund cash, store's inventory and prepaid expenditures.

B - Restricted Fund Balance: The restricted fund balance classification reflects amounts subject to externally imposed and legally enforceable constraints. Such constraints may be imposed by creditors, grantors, contributors, or laws or regulations of other governments, or may be imposed by law through constitutional provisions or enabling legislation. These are the same restrictions used to determine restricted net position as reported in the government-wide and fiduciary trust fund statements.

C - Committed Fund Balance: The committed fund balance classification reflects amounts subject to internal constraints self-imposed by formal action of the Board of Education. The constraints giving rise to committed fund balance must be imposed no later than the end of the reporting period. The actual amounts may be determined subsequent to that date but prior to the issuance of the financial statements. Formal action by the Board of Education is required to remove any commitment from any fund balance.

D - Assigned Fund Balance: The assigned fund balance classification reflects amounts that the District's Board of Education has approved to be used for specific purposes, based on the District's intent related to those specific purposes. The Board of Education can designate personnel with the authority to assign fund balances, however, as of June 30, 2023, no such designation has occurred.

E - Unassigned Fund Balance: In the General Fund only, the unassigned fund balance classification reflects the residual balance that has not been assigned to other funds and that is not restricted, committed, or assigned to specific purposes.

In any fund other than the General Fund, a positive unassigned fund balance is never reported because amounts in any other fund are assumed to have been assigned, at least, to the purpose of that fund. However, deficits in any fund, including the General Fund, that cannot be eliminated by reducing or eliminating amounts assigned to other purposes are reported as negative unassigned fund balance.

Fund Balance Policy: The District has an expenditure policy relating to fund balances. For purposes of fund balance classifications, expenditures are to be spent from restricted fund balances first, followed in order by committed fund balances (if any), assigned fund balances and lastly unassigned fund balances.

While GASB Cod. Sec. 1300 and 1800 do not require Districts to establish a minimum fund balance policy or a stabilization arrangement, GASB Cod. Sec. 1300 and 1800 do require the disclosure of a minimum fund balance policy and stabilization arrangements, if they have been adopted by the Board of Education. At June 30, 2023, the District has not established a minimum fund balance policy nor has it established a stabilization arrangement.

Property Taxes: Secured property taxes are attached as an enforceable lien on property as of March 1. Taxes are due in two installments on or before December 10 and April 10. Unsecured property taxes are due in one installment on or before August 31. The County of Sacramento bills and collects taxes for the District. Tax revenues are recognized by the District when received.

Encumbrances: Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. All encumbrances are liquidated as of June 30.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Eliminations and Reclassifications: In the process of aggregating data for the Statement of Net Position and the Statement of Activities, some amounts reported as interfund activity and balances in the funds were eliminated or reclassified. Interfund receivables and payables were eliminated to minimize the "grossing up" effect on assets and liabilities within the governmental activities column.

Estimates: The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Accordingly, actual results may differ from those estimates.

New Accounting Pronouncements: In May 2020, the GASB issued GASB Statement No. 96, Subscription-Based Information Technology Arrangements. GASB Statement No. 96 defines a subscription-based information technology arrangement and requires the recognition of a right to use subscription asset and corresponding subscription liability. This statement was effective for fiscal years beginning after June 15, 2022. There was no impact to the District's July 1, 2022 net position as a result of the implementation of GASB Statement No. 96.

NOTE 2 – CASH AND INVESTMENTS

Cash and investments at June 30, 2023 are reported at fair value and consisted of the following:

	Governmental Activities			Business-Type Activities	Fiduciary Activities
	Governmental Funds	Proprietary Fund	Total		
Pooled Funds:					
Cash in County Treasury	\$ 554,944,236	\$ 11,140,961	\$ 566,085,197	\$ 36,034	\$ -

Pooled Funds: In accordance with Education Code Section 41001, the District maintains substantially all of its cash in the interest-bearing Sacramento County Treasurer's Pooled Investment Fund. The District is considered to be an involuntary participant in the financial statements at the amounts based upon the District's pro-rate share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

NOTE 2 – CASH AND INVESTMENTS (Continued)

Deposits - Custodial Credit Risk: The District limits custodial credit risk by ensuring uninsured balances are collateralized by the respective financial institution. Cash balances held in banks are insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC) and are collateralized by the respective financial institution. At June 30, 2023, the carrying amount of the District's accounts was \$5,247,024 and the bank balance was \$3,781,399. \$1,026,149 of the bank balance was FDIC insured and \$2,755,250 remained uninsured.

Cash with Fiscal Agent: Cash with Fiscal Agent in the Governmental Funds represents funds held by Fiscal Agents restricted for capital projects and repayment of General Obligation Bonds. The District holds their funds with the Sacramento County Treasurer. The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis. Cash with Fiscal Agent held in the Proprietary Fund represents funds held as required by the District's third-party administrator, Schools' Insurance Authority, for the District's self-insurance activities.

Interest Rate Risk: The District does not have a formal investment policy that limits cash and investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. At June 30, 2023, the District had no significant interest rate risk related to cash and investments held.

Credit Risk: The District does not have a formal investment policy that limits its investment choices other than the limitations of state law.

Concentration of Credit Risk: The District does not place limits on the amount it may invest in any one issuer. At June 30, 2023, the District had no concentration of credit risk.

NOTE 3 – INTERFUND TRANSACTIONS

Interfund Activity: Transactions between funds of the District are recorded as transfers, except for the Self-Insurance Fund activity which is recorded as income and expenditures of the Self-Insurance Fund and the funds which incur payroll costs, respectively. The unpaid balances at year end, as a result of such transactions, are shown as due to and due from other funds.

Interfund Receivables/Payables: Individual interfund receivable and payable balances at June 30, 2023 were as follows:

NOTE 5 – SELF-INSURANCE CLAIMS

The District has established a Self-Insurance Fund to account for employee vision benefits, employee dental benefits and workers' compensation plans. The employee vision and dental plans are self insured and contract with a third party administrator for benefits processing. Until July 31, 1998 and from July 1, 2001 through June 30, 2005, the workers' compensation plan provided coverage up to \$250,000 and purchased excess insurance for claims over the retained coverage limit. Between August 1, 1998 and June 30, 2001, and after July 1, 2005, the District purchased insurance for the workers' compensation coverage.

The liability for unpaid claims and claim adjustment expenses represents the ultimate cost of claims that have been reported but not settled and of claims that have been incurred but not reported. These claims will be paid in future years. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. There have been no significant reductions in insurance coverage from coverage in the prior year.

District management recomputes the liability annually using available updated claims data. Annually, the District obtains an actuarial study using a variety of statistical techniques to produce current estimates that consider claim frequency and other economic factors. The liability for workers compensation is based on an actuarial study dated June 30, 2023 and June 30, 2022 for the years ended June 30, 2023 and June 30, 2022, respectively.

The liabilities for unpaid claims and claim adjustment expenses are as follows:

NOTE 8 – NET PENSION LIABILITY – STATE TEACHERS' RETIREMENT PLAN

General Information about the State Teachers' Retirement Plan

Plan Description: Teaching-certified employees of the District are provided with pensions through the State Teachers' Retirement Plan (STRP) – a cost-sharing multiple-employer defined benefit pension plan administered by the California State Teachers' Retirement System (CalSTRS). The Teachers' Retirement Law (California Education Code Section 22000 et seq.), as enacted and amended by the California Legislature, established this plan and CalSTRS as the administrator. The benefit terms of the plans may be amended through legislation. CalSTRS issues a publicly available financial report that can be obtained at <http://www.calstrs.com/comprehensive-annual-financial-report>.

Benefits Provided: The STRP Defined Benefit Program has two benefit formulas:

- CalSTRS 2% at 60: Members first hired on or before December 31, 2012, to perform service that could be creditable to CalSTRS.
- CalSTRS 2% at 62: Members first hired on or after January 1, 2013, to perform service that could be creditable to CalSTRS.

The Defined Benefit (DB) Program provides retirement benefits based on members' final compensation, age and years of service credit. In addition, the retirement program provides benefits to members upon disability and to survivors/beneficiaries upon the death of eligible members. There are several differences between the two benefit formulas which are noted below.

CalSTRS 2% at 60 - CalSTRS 2% at 60 members are eligible for normal retirement at age 60, with a minimum of five years of credited service. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service. Early retirement options are available at age 55 with five years of credited service or as early as age 50 with 30 years of credited service. The age factor for retirements after age 60 increases with each quarter year of age to 2.4 percent at age 63 or older. Members who have 30 years or more of credited service receive an additional increase of up to 0.2 percent to the age factor, up to the 2.4 percent maximum.

CalSTRS calculates retirement benefits based on a one-year final compensation for members who retired on or after January 1, 2001, with 25 or more years of credited service, or for classroom teachers with less than 25 years of credited service if the employer elected to pay the additional benefit cost prior to January 1, 2014. One-year final compensation means a member's highest average annual compensation earnable for 12 consecutive months calculated by taking the creditable compensation that a member could earn in a school year while employed on a fulltime basis, for a position in which the person worked. For members with less than 25 years of credited service, final compensation is the highest average annual compensation earnable for any 36 consecutive months of credited service.

CalSTRS 2% at 62 - CalSTRS 2% at 62 members are eligible for normal retirement at age 62, with a minimum of five years of credited service. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service. An early retirement option is available at age 55. The age factor for retirement after age 62 increases with each quarter year of age to 2.4 percent at age 65 or older.

All CalSTRS 2% at 62 members have their final compensation based on their highest average annual compensation earnable for any 36 consecutive months of credited service.

NOTE 8 – NET PENSION LIABILITY – STATE TEACHERS' RETIREMENT PLAN (Continued)

Contributions: Required member, employer and state contribution rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. Current contribution rates were established by California Assembly Bill 1469 (CalSTRS Funding Plan), which was passed into law in June 2014, and various subsequent legislation.

The CalSTRS Funding Plan established a schedule of contribution rate increases shared among members, employers, and the State of California to bring CalSTRS toward full funding by fiscal year 2046. California Senate Bill 90 and California Assembly Bill 84 (collectively the "Special Legislation"), were signed into law in June 2019 and June 2020, respectively, and provided supplemental contributions to the DB Program along with supplemental contribution rate relief to employers through fiscal year 2021–22.

A summary of statutory contribution rates and other sources of contributions to the DB Program pursuant to the CalSTRS Funding Plan, SB 90 and SB84, are as follows:

Members - Under CalSTRS 2% at 60, the member contribution rate was 10.250 percent of applicable member earnings for fiscal year 2022. Under CalSTRS 2% at 62, members contribute 50 percent of the normal cost of their retirement plan, which resulted in a contribution rate of 10.205 percent of applicable member earnings for fiscal year 2022.

Under CalSTRS 2% at 62, members pay 9% toward the normal cost and an additional 1.205 percent as per the CalSTRS Funding Plan for a total member contribution rate of 10.205 percent. The contribution rate for CalSTRS 2% at 62 members is adjusted if the normal cost increases or decreases by more than 1% since the last time the member contribution rate was set. Based on the June 30, 2021, valuation adopted by the CalSTRS board in May 2022, the increase in normal cost was less than 1 percent. Therefore, the contribution rate for CalSTRS 2% at 62 members did not change effective July 1, 2022.

Employers – Employers are required to contribute a base contribution rate set in statute at 8.25%. Pursuant to the CalSTRS Funding Plan, employers also have a supplemental contribution rate to eliminate their share of the CalSTRS unfunded actuarial obligation by 2046.

Beginning in fiscal year 2021–22, the CalSTRS Funding Plan authorized the CalSTRS board to adjust the employer supplemental contribution rate up or down by a maximum of 1% for a total rate of no higher than 20.25% and no lower than 8.25%. In May 2022, the CalSTRS board voted to keep the employer supplemental contribution rate at 10.85% for fiscal year 2022–23 for a total employer contribution rate of 19.10%.

The CalSTRS employer contribution rates effective for fiscal year 2022 through fiscal year 2046-47 are summarized in the table below:

<u>Effective Date</u>	<u>Base Rate</u>	<u>Supplemental Rate Per CalSTRS Funding Plan</u>	<u>Total</u>
July 1, 2022	8.250%	10.850%	19.100%
July 1, 2023 to June 30, 2046	8.250%	(1)	(1)
July 1, 2046	8.250%	Increase from AB 1469 rate ends in 2046-47	

(1) The CalSTRS Funding Plan authorizes the board to adjust the employer contribution rate up or down by up to 1% each year, but no higher than 20.25% total and no lower than 8.25%.

NOTE 8 – NET PENSION LIABILITY – STATE TEACHERS’ RETIREMENT PLAN (Continued)

The District contributed \$42,543,877 to the plan for the fiscal year ended June 30, 2023.

State – 10.828 percent of the members’ calculated based on creditable compensation from two fiscal years prior.

The state is required to contribute a base contribution rate set in statute at 2.017%. Pursuant to the CalSTRS Funding Plan, the state also has a supplemental contribution rate, which the board can increase by up to 0.5% each fiscal year to help eliminate the state’s share of the CalSTRS unfunded actuarial obligation by 2046. In May 2022, the CalSTRS board voted to keep the state supplemental contribution rate at 6.311% for fiscal year 2022–23 for a total contribution rate of 10.828%.

Special legislation appropriated supplemental state contributions to reduce the state’s portion of the unfunded actuarial obligation of the DB Program in fiscal years 2019-20 through 2022-23. These contributions are funded from future excess General Fund revenues, pursuant to the requirements of California Proposition 2, the “Rainy-Day Budget Stabilization Fund Act”, which passed in 2014. Accordingly, the contribution amounts are subject to change each year based on the availability of funding. For fiscal year 2021–22, CalSTRS received \$410.0 million in supplemental state contributions from Proposition 2 funds. Additionally, CalSTRS received a one-time supplemental payment of \$173.7 million from the General Fund in fiscal year 2021–22 to offset forgone contributions due to the suspension of the 0.5% increase to the state supplemental contribution rate in fiscal year 2020–21.

The CalSTRS state contribution rates effective for fiscal year 2022-2023 and beyond are summarized in the table below.

<u>Effective Date</u>	<u>Base Rate</u>	<u>Supplemental Rate Per CalSTRS Funding Plan</u>	<u>SBMA Funding⁽¹⁾</u>	<u>Total</u>
July 01, 2022	2.017%	6.311%	2.50%	10.828%
July 01, 2023 to June 30, 2046	2.017%	(2)	2.50%	(2)
July 01, 2046	2.017%	(3)	2.50%	(3)

- (1) The SBMA contribution rate excludes the \$72 million that is reduced from the required contribution in accordance with Education Code section 22954.
- (2) The CalSTRS board has limited authority to adjust the state contribution rate annually through June 2046 in order to eliminate the remaining unfunded actuarial obligation. The board cannot increase the supplemental rate by more than 0.5% in a fiscal year, and if there is no unfunded actuarial obligation, the supplemental contribution rate imposed would be reduced to 0%.
- (3) From July 1, 2046, and thereafter, the rates in effect prior to July 1, 2014, are reinstated, if necessary, to address any remaining unfunded actuarial obligation.

NOTE 8 – NET PENSION LIABILITY – STATE TEACHERS' RETIREMENT PLAN (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the net pension liability	\$ 241,143,000
State's proportionate share of the net pension liability associated with the District	<u>136,300,000</u>
	<u>\$ 377,443,000</u>

The net pension liability was measured as of June 30, 2022 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all participating school districts and the State. At June 30, 2022, the District's proportion was 0.347 percent, which was an increase of 0.010 percent from its proportion measured as of June 30, 2021.

For the year ended June 30, 2023, the District recognized pension expense of \$31,591,980 and revenue of \$21,868,206 for support provided by the State. At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ 198,000	\$ 18,081,000
Changes of assumptions	11,959,000	-
Net differences between projected and actual earnings on investments	-	11,792,000
Changes in proportion and differences between District contributions and proportionate share of contributions	15,860,000	34,000,000
Contributions made subsequent to measurement date	<u>42,543,877</u>	<u>-</u>
Total	<u>\$ 70,560,877</u>	<u>\$ 63,873,000</u>

NOTE 8 – NET PENSION LIABILITY – STATE TEACHERS' RETIREMENT PLAN (Continued)

\$42,543,877 reported as deferred outflows of resources related to pensions resulting from contributions made subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	
2024	\$ (3,062,400)
2025	\$ (16,260,400)
2026	\$ (22,348,400)
2027	\$ 11,764,600
2028	\$ (6,268,900)
2029	\$ 319,500

Differences between expected and actual experience and changes in assumptions are amortized over a closed period equal to the average remaining service life of plan members, which is 7 years as of the June 30, 2022 measurement date. Deferred outflows and inflows related to differences between projected and actual earnings on plan investments are netted and amortized over a closed 5-year period.

Actuarial Methods and Assumptions: The total pension liability for the STRP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2021, and rolling forward the total pension liability to June 30, 2022. The financial reporting actuarial valuation as of June 30, 2021, used the following actuarial methods and assumptions, applied to all prior periods included in the measurement:

Valuation Date	June 30, 2021
Experience Study	July 1, 2015 through June 30, 2018
Actuarial Cost Method	Entry age normal
Investment Rate of Return	7.10%
Consumer Price Inflation	2.75%
Wage Growth	3.50%
Post-retirement Benefit Increases	2.00% simple for DB, maintain 85% Purchasing power level for DB, not applicable for DBS/CBB

Discount Rate: The discount rate used to measure the total pension liability was 7.10 percent, which was unchanged from the prior fiscal year. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates in accordance with the rate increase per AB 1469. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.10 percent) and assuming that contributions, benefit payments, and administrative expense occur midyear. Based on those assumptions, the STRP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 8 – NET PENSION LIABILITY – STATE TEACHERS' RETIREMENT PLAN (Continued)

Mortality: CalSTRS uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among its members. The projection scale was set equal to 110 percent of the ultimate improvement factor from the Mortality Improvement Scale (MP-2019) table, issued by the Society of Actuaries.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best estimate ranges were developed using capital market assumptions from CalSTRS investment staff and investment consultants as inputs to the process.

The actuarial investment rate of return assumption was adopted by the CalSTRS board in January 2020 in conjunction with the most recent experience study. For each current and future valuation, CalSTRS consulting actuary reviews the return assumption for reasonableness based on the most current capital market assumptions. Best estimates of 20-year geometric real rates of return and the assumed asset allocation for each major asset class used as input to develop the actuarial investment rate of return are summarized in the following table:

<u>Asset Class</u>	<u>Assumed Asset Allocation</u>	<u>Long-Term* Expected Real Rate of Return</u>
Public Equity	42%	4.8%
Real Estate	15	3.6
Private Equity	13	6.3
Fixed Income	12	1.3
Risk Mitigating Strategies	10	1.8
Inflation Sensitive	6	3.3
Cash / Liquidity	2	(0.4)

* 20-year geometric average

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate:

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.10 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.10 percent) or 1-percentage-point higher (8.10 percent) than the current rate:

	1% Decrease <u>(6.10%)</u>	Current Discount Rate <u>(7.10%)</u>	1% Increase <u>(8.10%)</u>
District's proportionate share of the net pension liability	<u>\$ 409,550,000</u>	<u>\$ 241,143,000</u>	<u>\$ 101,314,000</u>

NOTE 9 – NET PENSION LIABILITY – PUBLIC EMPLOYER’S RETIREMENT FUND B

General Information about the Public Employer’s Retirement Fund B

Plan Description: The schools cost-sharing multiple-employer defined benefit pension plan Public Employer’s Retirement Fund B (PERF B) is administered by the California Public Employees’ Retirement System (CalPERS). Plan membership consists of non-teaching and non-certified employees of public schools (K-12), community college districts, offices of education, charter and private schools (elective) in the State of California.

The Plan was established to provide retirement, death and disability benefits to non-teaching and non-certified employees in schools. The benefit provisions for Plan employees are established by statute. CalPERS issues a publicly available financial report that can be obtained at: <https://www.calpers.ca.gov/docs/forms-publications/acfr-2022.pdf>.

Benefits Provided: The benefits for the defined benefit plans are based on members’ years of service, age, final compensation, and benefit formula. Benefits are provided for disability, death, and survivors of eligible members or beneficiaries. Members become fully vested in their retirement benefits earned to date after five years (10 years for State Second Tier members) of credited service.

Contributions: The benefits for the defined benefit pension plans are funded by contributions from members and employers, and earnings from investments. Member and employer contributions are a percentage of applicable member compensation. Member contribution rates are defined by law and depend on the respective employer’s benefit formulas. Employer contribution rates are determined by periodic actuarial valuations or by state statute. Actuarial valuations are based on the benefit formulas and employee groups of each employer. Employer contributions, including lump sum contributions made when districts first join PERF B, are credited with a market value adjustment in determining contribution rates.

The required contribution rates of most active plan members are based on a percentage of salary in excess of a base compensation amount ranging from zero dollars to \$863 monthly.

Required contribution rates for active plan members and employers as a percentage of payroll for the year ended June 30, 2023 were as follows:

Members - The member contribution rate was 7.0 percent of applicable member earnings for fiscal year 2022-2023.

Employers - The employer contribution rate was 25.37 percent of applicable member earnings.

The District contributed \$19,633,057 to the plan for the fiscal year ended June 30, 2023.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2023, the District reported a liability of \$152,425,000 or its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021. The District’s proportion of the net pension liability was based on the District’s share of contributions to the pension plan relative to the contributions of all participating school districts. At June 30, 2022, the District’s proportion was 0.443 percent, which was a decrease of 0.018 percent from its proportion measured as of June 30, 2021.

Contributions made subsequent to measurement date	<u>19,633,057</u>	<u>-</u>
Total	<u>\$ 49,595,057</u>	<u>\$ 12,886,000</u>

\$19,633,057 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending <u>June 30,</u>

2025	\$ 2,906,000
2026	\$ 2,667,500
2027	\$ 10,973,500

Differences between expected and actual experience, changes in assumptions and changes in proportion and differences between District contributions and proportionate share of contributions are amortized over a closed period equal to the average remaining service life of plan members, which is 3.9 years as of the June 30, 2022 measurement date. Deferred outflows and inflows related to differences between projected and actual earnings on plan investments are netted and amortized over a closed 5-year period.

Actuarial Methods and Assumptions: The total pension liability for the Plan was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2021 and rolling forward the total pension liability June 30, 2022. The financial reporting actuarial valuation as of June 30, 2021, used the following actuarial methods and assumptions, applied to all prior periods included in the measurement:

Valuation Date	June 30, 2021
Experience Study	June 30, 2000 through June 30, 2019
Actuarial Cost Method	Entry age normal
Investment Rate of Return	6.90%
Consumer Price Inflation	2.30%
Wage Growth	Varies by entry age and service
Post-retirement Benefit Increases	2.00% until Purchasing Power Protection Allowance Floor on Purchasing Power Applies, 2.30% thereafter

The mortality table used was developed based on CalPERS-specific data. The table includes 15 years of mortality improvements using Society of Actuaries 80% of scale MP2020. For more details on this table, please refer to the 2021 experience study report.

All other actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period from 2000 to 2019, including updates to salary increase, mortality and retirement rates. Further details of the Experience Study can be found at CalPERS’ website.

During the 2021-22 measurement period, the financial reporting discount rate for PERF B was lowered from 7.15 percent to 6.90 percent. In addition, the inflation assumption was reduced from 2.50 percent to 2.30 percent. Lastly, demographic assumptions for mortality rates were updated.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation.

<u>Asset Class</u>	<u>Assumed Asset Allocation</u>	<u>Expected Real Rates of Return Years 1-10 (1, 2)</u>

NOTE 9 – NET PENSION LIABILITY – PUBLIC EMPLOYER’S RETIREMENT FUND B (Continued)

Discount Rate: The discount rate used to measure the total pension liability was 6.90 percent. A projection of the expected benefit payments and contributions was performed to determine if assets would run out. The test revealed the assets would not run out. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability for the Plan. The results of the crossover testing for the Plan are presented in a detailed report that can be obtained at CalPERS’ website.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account long-term market return expectations as well as the expected pension fund cash flows. Projected returns for all asset classes are estimated and combined with risk estimates, are used to project compound (geometric) returns over the long term. The discount rate used to discount liabilities was informed by the long-term projected portfolio return.

Sensitivity of the District’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate: The following presents the District’s proportionate share of the net pension liability calculated using the discount rate of 6.90 percent, as well as what the District’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.90 percent) or 1-percentage-point higher (7.90 percent) than the current rate:

	1% Decrease <u>(5.90%)</u>	Current Discount Rate <u>(6.90%)</u>	1% Increase <u>(7.90%)</u>
District’s proportionate share of the net pension liability	<u>\$ 220,186,000</u>	<u>\$ 152,425,000</u>	<u>\$ 96,423,000</u>

Pension Plan Fiduciary Net Position: Detailed information about the pension plan’s fiduciary net position is available in the separately issued CalPERS financial report.

NOTE 10 – OTHER POSTEMPLOYMENT BENEFITS (OPEB)

General Information - Other Postemployment Benefits Plan (OPEB)

Plan Description: In addition to the pension benefits described in Notes 8 and 9, the District provides postemployment health care benefits to eligible employees and their dependents under a single employer defined benefit OPEB plan. The plan does not issue separate financial statements.

The District established an irrevocable trust under the California Employer’s Retiree Benefit Trust Program (CERBT) to prefund the costs of other postemployment benefits. The funds in the CERBT are held in trust and will be administered by the California Public Employees’ Retirement System (CalPERS) as an agent multiple-employer plan. Benefit provisions are established and may be amended by District labor agreements which are approved by the Board of Education. The District’s contributions to the irrevocable trust is included in the CERBT, which is included in the CalPERS ACFR. Copies of the CalPERS’ ACFR may be obtained from the CalPERS Executive Office – 400 P Street – Sacramento, CA 95814.

NOTE 10 – OTHER POSTEMPLOYMENT BENEFITS (OPEB) (Continued)

The CERBT fund, which is an Internal Revenue Code (IRC) Section 115 Trust, is set up for the purpose of (i) receiving employer contributions to prefund health and other post-employment benefits for retirees and their beneficiaries, (ii) invest contributed amounts and income therein, and (iii) disburse contributed amounts and income therein, if any, to pay for costs of administration of the fund and to pay for health care costs or other post-employment benefits in accordance with the terms of the District's OPEB plan.

Benefits Provided: Sacramento City Unified School District's Retired Employees Healthcare Plan (REHP), is a single employer defined benefit healthcare plan administered by the Sacramento City Unified School District. The plan does not issue separate financial statements. REHP provides medical insurance benefits to eligible retirees. Benefits are a negotiated component of each bargaining unit agreement. Currently, eligible retirees receive health care benefits that are paid 100% by the District. District teachers qualify for these benefits after attaining age 55 with at least five years of consecutive service to the District, age 50 with 30 years of service (if a member prior to January 1, 2013), or approved disability retirement with 5 years of service. CalPERS employees qualify for benefits after attaining age 50 (age 52, if a new CalPERS member on or after January 1, 2013) with 5 years of State or public agency service or approved disability and meeting the requirements outlined in their respective bargaining agreements.

The District's Governing Board has the authority to establish or amend the benefit terms offered by the Plan. The District's Governing Board also retains the authority to establish the requirements for paying the Plan benefits as they come due.

Employees Covered by Benefit Terms: The following is a table of plan participants as of the June 30, 2023 valuation:

	<u>Number of Participants</u>
Inactive Plan members, covered spouses, or beneficiaries currently receiving benefits	3,199
Active employees	<u>3,903</u>
	<u><u>7,102</u></u>

Contributions: California Government Code specifies that the District's contribution requirements for covered employees are established and may be amended by the Governing Board. Contributions to the Plan are voluntary. Contributions to the Plan from the District were \$28,080,859 for the year ended June 30, 2023.

OPEB Plan Investments: The plan discount rate of 6.10% was determined using the following asset allocation and assumed rate of return blended with the 20-year high grade municipal bond rate as of June 30, 2022:

<u>Asset Class</u>	<u>Long-Term* Assumed Asset Allocation</u>	<u>Expected Real Rate of Return Year 1 - 5</u>	<u>Expected Real Rate of Return Years 6+</u>

NOTE 10 – OTHER POSTEMPLOYMENT BENEFITS (OPEB) (Continued)

Rolling periods of time for all asset classes in combination we used to appropriately reflect correlation between asset classes. This means that the average returns for any asset class do not necessarily reflect the averages over time individually, but reflect the return for the asset class for the portfolio average. Additionally, the historic 30-year real rates of return for each asset class along with the assumed long-term inflation assumption was used to set the discount rate. The investment return was offset by assumed investment expenses of 25 basis points. It was further assumed that contributions to the plan would be sufficient to fully fund the obligation over a period not to exceed 30 years.

Money-weighted rate of return on OPEB plan investments 6.15%

The money-weighted rate of return expresses investment performance, net of OPEB plan investment expenses, adjusted for the changing amounts actually invested.

Actuarial Assumptions: The total OPEB liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Valuation date	June 30, 2022
Measurement date	June 30, 2022
Funding Method	Entry age normal, level percent of pay
General Inflation Rate	2.50%
Long Term Return on Assets	6.15% as of June 30, 2022, net of plan investment expenses and including inflation
Discount rate	6.10% as of June 30, 2022, determined by the blending of the asset returns and the 20-year high grade municipal bond rate as of June 30, 2022 less 0.1% for trust administration fees.
Salary increase	3.0% per year, used only to allocate the cost of benefits between service years
Assumed Wage inflation	3.0% per year; used as a component of assumed salary increases
Health care cost trend rate	15% for Kaiser Certificated plans, 9% for Kaiser Classified and Management plans, 6.8% for all others.
Mortality	For certificated employees the 2019 CalSTRS mortality tables were used For classified employees the 2017 CalPERS active mortality for miscellaneous employees were used

The changes in assumptions include a change in the discount rate from 6.80 percent in the prior valuation, to 6.10 percent in the current valuation.

There were no changes between the measurement date and the year ended June 30, 2023, which had a significant effect on the District's total OPEB liability.

Sensitivity of the Net OPEB Liability to Assumptions: The following presents the net OPEB liability calculated using the discount rate of 6.10 percent. The schedule also shows what the net OPEB liability would be if it were calculated using a discount rate that is 1 percent lower (5.10 percent) and 1 percent higher (7.10 percent):

	1% Decrease <u>(5.10%)</u>	Current Discount Rate <u>(6.10%)</u>	1% Increase <u>(7.10%)</u>

Differences between projected and actual earnings on investment are amortized over a closed period of 5 years as of the June 30, 2024 measurement date. Changes in assumptions and differences between expected and actual experience are amortized over a closed period of 6.75 years as of the June 30, 2022 measurement date.

NOTE 11 – JOINT POWERS AGREEMENTS

Schools Insurance Authority: The District is a member with other school districts of a Joint Powers Authority, Schools Insurance Authority (SIA), for the operation of a common risk management and insurance program for property and liability coverage. The joint powers agency is to be self-sustaining through member premiums. SIA enters into insurance agreements for coverage above self-insured retention layers, whereby it cedes various amounts of risk to other insurance companies or joint power authorities. SIA's Property, Liability and Workers' Compensation Programs provide self-insured retention of \$100,000, \$750,000 and \$1,000,000 per incident, respectively. The District continues to carry commercial insurance for all other risks of loss, including employee health and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. There have been no significant reductions in insurance coverage from coverage in the prior year. The following is a summary of financial information for SIA at June 30, 2022 (most recent information available):

Total assets	\$ 211,771,868
Deferred outflows	\$ 1,751,462
Total liabilities	\$ 86,615,462
Deferred inflows	\$ 3,674,124
Total net position	\$ 123,233,744
Total revenues	\$ 59,357,945
Total expenses	\$ 66,482,201
Change in net position	\$ (7,124,256)

The relationship between the District and the Joint Powers Authority is such that the Joint Powers Authority is not a component unit of the District for financial reporting purposes.

(Continued)

NOTE 12 – CONTINGENCIES

The District is subject to legal proceedings and claims which arise in the ordinary course of business. In the opinion of management, the amount of ultimate liability with respect to these actions will not materially affect the financial position or results of operations of the District.

The District has received federal and state funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could result in expenditure disallowances under terms of the grants, it is management's opinion that any required reimbursements of future revenue offsets subsequently determined will not have a material effect on the District's financial position or results of operations.

At June 30, 2023, the District had approximately \$54.8 million in outstanding construction contract commitments.

NOTE 13 – MANAGEMENT'S PLANS

Since September 2018, following the disapproval of the District's adopted General Fund budget for the 2018-19 fiscal year by the Sacramento County Office of Education (SCOE), the Board of Education, Superintendent, management, staff, and labor partners have engaged in collaborative efforts. The focus has been on identifying constructive solutions to address the structural deficit evident in both current and future fiscal years' financial projections. This ongoing collaboration underscores a steadfast commitment to fostering a positive and proactive approach towards financial sustainability and effective governance, with a dedication to continuing the collaborative culture in pursuit of shared goals.

Due to Education Code provisions, the District's financial standing prompted a sequence of measures, including the implementation of a Fiscal Health Risk Analysis conducted by the Fiscal Crisis and Management Assistance Team (FCMAT) and an audit conducted by the California State Auditor. Moreover, the Sacramento County Office of Education (SCOE) appointed a fiscal advisor to collaborate with the District, undertaking a thorough review of the budget for accuracy and providing assistance to District staff. This comprehensive approach reflects an ongoing commitment to the process, ensuring a thorough evaluation and continued support to address any financial challenges effectively. The fiscal advisor actively supports District processes, emphasizing efficiency and adherence to district policies to further enhance financial management practices.

In December 2018, FCMAT issued the results of its analysis that concluded, unless changes are made, the District is at risk of insolvency, which leads to a state loan and an appointed administrator. The analysis focused on identifying district systems and processes where improvements can be made. Immediately, the District began taking steps to implement business process changes and adopt FCMAT's recommendations. Additionally, in December of 2019, the State Auditor issued its independent performance audit report on the fiscal condition of the District. The report includes several recommendations to assist the District in moving towards fiscal solvency.

Uncertainty surrounds ongoing State funding for K-12 Districts, with potential future impacts stemming from a recessionary economy, including possible adjustments to funding rates, enrollment, declining average daily attendance, and the expiration of one-time funding sources. However, the District anticipates improved fiscal stability due to increased ongoing State funding and funding mechanisms implemented by the State to mitigate the decline in ADA. The 2023-24 First Interim report and multi-year projections, report the District expects a positive cash balance through June 2026. The District will continue to be closely monitored to ensure it maintains sufficient cash reserves to meet its current and future obligations.

SACRAMENTO CITY UNIFIED SCHOOL DISTRICT
 NOTE TO REQUIRED SUPPLEMENTARY INFORMATION
 For the Year Ended June 30, 2023

NOTE 1 - PURPOSE OF SCHEDULES

Budgetary Comparison Schedule: The District employs budget control by object codes and by individual appropriation accounts. Budgets are prepared on the modified accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board. The budgets are revised during the year by the Board of Education to provide for revised priorities. Expenditures cannot legally exceed appropriations by major object code. The originally adopted and final revised budgets for the General Fund are presented as Required Supplementary Information. The basis of budgeting is the same as GAAP.

Schedule of Changes in Net OPEB Liability and Related Ratios: The Schedule of Changes in Net OPEB Liability presents multi-year information which illustrates the changes in the net OPEB liability for each year presented.

Schedule of the District's Contributions – OPEB: The Schedule of District Contributions is presented to illustrate the District's required contributions relating to the OPEB. There is a requirement to show information for 10 years. However, until a full 10- year trend is compiled, governments should present information for those years for which information is available.

Schedule of the District's Proportionate Share of the Net Pension Liability: The Schedule of the District's Proportionate Share of the Net Pension Liability is presented to illustrate the elements of the District's Net Pension Liability. There is a requirement to show information for 10 years. However, until a full 10-year trend is compiled, governments should present information for those years for which information is available.

Schedule of the District's Contributions: The Schedule of District Contributions is presented to illustrate the District's required contributions relating to the pensions. There is a requirement to show information for 10 years. However, until a full 10- year trend is compiled, governments should present information for those years for which information is available.

Changes of Benefit Terms: There are no changes in benefit terms reported in the Required Supplementary Information.

Changes of Assumptions: The discount rate for the Net OPEB liability was 2.92, 3.56, 4.25, 3.90, 7.00, 6.80 and 6.10 percent in the June 30, 2016, 2017, 2018, 2019, 2020, 2021 and 2022 actuarial reports, respectively.

The discount rate used for the Public Employer's Retirement Fund B (PERF B) plan was 7.50, 7.65, 7.65, 7.15, 7.15, 7.15, 7.15, 7.15 and 6.90 percent in the June 30, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, and 2021 actuarial reports, respectively.

The inflation rate used for the PERF B plan was 2.50, 2.50, 2.50, 2.50, 2.50, 2.50, 2.50, 2.50, and 2.30 percent in the June 30, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, and 2021 actuarial reports, respectively.

SACRAMENTO CITY UNIFIED SCHOOL DISTRICT
ORGANIZATION
June 30, 2023

Sacramento City Unified School District, a political subdivision of the State of California, was established on July 7, 1936. The territory covered by the District does not include certain areas of the City of Sacramento but does include some contiguous territory located outside city boundaries, but within Sacramento County boundaries. There were no changes in the District boundaries in the current year under audit. The District operated forty-two elementary schools (grades K-6), seven elementary/middle schools (grades K-8), six middle schools (grades 7-8), two middle/high schools (grades 7-12), seven high schools (grades 9-12), three alternative schools, two adult education centers, two special education centers and forty-two children's centers and preschools, serving infants through age 12. Fifteen charter schools also operated in the District serving kindergarten through grade twelve, five of which were governed by the District Board of Education.

The General Fund fund balance has increased by \$164,884,124 over the past three years. The District has incurred operating deficits in one of the past three years, and anticipates incurring an operating surplus during the 2023-2024 fiscal year. The fiscal year 2023-2024 budget projects an increase of \$21,441,335. For a district this size, the state recommends available reserves of at least 2% of total General Fund expenditures, transfers out, and other uses. For the year ended June 30, 2023, the District has met this requirement.

Total long-term liabilities have increased by \$89,460,323 over the past two years.

Average daily attendance has decreased by 4,493 over the past two years. The District anticipates a decrease of 141 ADA for the 2023-2024 fiscal year.

NOTES TO SUPPLEMENTARY INFORMATION
For the Year Ended June 30, 2023

NOTE 1 - PURPOSE OF SCHEDULES

Schedule of Average Daily Attendance: Average daily attendance is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

Schedule of Instructional Time: The District has received incentive funding for increasing instructional time as provided by the Incentives for Longer Instructional Day. This schedule presents information on the amount of instructional time offered by the District, and whether the District complied with the provisions of Education Code Sections 46201 through 46206.

Schedule of Expenditure of Federal Awards: The Schedule of Expenditure of Federal Awards includes the federal award activity of Sacramento City Unified School District, and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. Expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The District has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance. The District had no subrecipients.

Reconciliation of Unaudited Actual Financial Report with Audited Financial Statements: This schedule provides the information necessary to reconcile the Unaudited Actual Financial Report to the audited financial statements.

Schedule of Financial Trends and Analysis – Unaudited: This schedule provides information on the District's financial condition over the past three years and its anticipated condition for the 2023-2024 fiscal year, as required by the State Controller's Office.

Schedule of Charter Schools: This schedule provides information for the California Department of Education to monitor financial reporting by Charter Schools.

Schedule of First 5 Revenues and Expenditures: This schedule provides information about the First 5 Sacramento County Program.

NOTE 2 - EARLY RETIREMENT INCENTIVE PROGRAM

Education Code Section 14502 requires certain disclosure in the financial statements of districts which adopt Early Retirement Incentive Programs pursuant to Education Code Sections 22714 and 44929. For the fiscal year ended June 30, 2023, the District did not adopt this program.

INDEPENDENT AUDITOR'S REPORT ON STATE COMPLIANCE

Board of Education
Sacramento City Unified School District
Sacramento, California

Report on Compliance***Qualified Opinion on State Compliance***

We have audited Sacramento City Unified School District's (the District) compliance with the requirements specified in the State of California *2022-2023 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* applicable to the District's state program requirements identified below for the year ended June 30, 2023.

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion section of our report, the District complied, in all material respects, with the compliance requirements that are applicable to the laws and regulations of the state programs noted in the table below for the year ended June 30, 2023.

Basis for Qualified Opinion on State Compliance

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*), and the *2022-2023 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Our responsibilities under those standards and the *2022-2023 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Matters Giving Rise to Qualified Opinion on State Compliance

As described in the accompanying Schedule of Findings and Questioned Costs as items 2023-001, 2023-002, 2023-003, 2023-004, 2023-005 and 2023-006, the District did not comply with requirements regarding Attendance, Instructional Materials, Comprehensive School Safety Plan, Immunizations, After/Before School Education and Safety Program and Transitional Kindergarten. Compliance with such requirements is necessary, in our opinion, for the District to comply with the requirements applicable to those programs.

(Continued)

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the *2022-2023 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of the state programs as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the *2022-2023 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we consider necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the *2022-2023 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, but not for the purpose of expressing an opinion on the effectiveness of the District's internal controls over compliance. Accordingly, we express no such opinion; and
- Select and test transactions and records to determine the District's compliance with the state laws and regulations applicable to the following items:

The District does not offer an Early Retirement Incentive Program; therefore, we did not perform any testing of the Early Retirement Incentive Program.

The District does not have any Juvenile Court Schools; therefore, we did not perform any testing of Juvenile Court Schools.

The District does not have any Middle or Early College High Schools; therefore, we did not perform any testing of Middle or Early College High Schools.

The District is not reported as a District of Choice per the California Department of Education, therefore we did not perform any procedures related to District of Choice.

The District did not receive or expend California Clean Energy Jobs Act funds; therefore, we did not perform any procedures related to California Clean Energy Jobs Act.

The District did not report any ADA related to Independent Study - Course Based; therefore, we did not perform any testing of Independent Study - Course Based ADA.

The District does not have a Charter School Facility Program; therefore, we did not perform any testing of Charter School Facility Program.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

Government Auditing Standards requires the auditor to perform limited procedures on the District's responses to the noncompliance findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The District's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

(Continued)

Report on Internal Control over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be material weaknesses.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with compliance requirement will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as items 2023-005 and 2023-006 to be material weaknesses.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the District's response to the internal control over compliance findings identified in our audit described in the accompanying Schedule of Findings and Questioned Costs. The District's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the *2022-2023 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

Board of Education
Sacramento City Unified School District
Sacramento, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Sacramento City Unified School District as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise Sacramento City Unified School District's basic financial statements, and have issued our report thereon dated February 27, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Sacramento City Unified School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Sacramento City Unified School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Sacramento City Unified School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

(Continued)

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Sacramento City Unified School District 's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH
THE FIRST 5 SACRAMENTO COUNTY PROGRAM

Board of Education
Sacramento City Unified School District
Sacramento, California

Report on Compliance on First 5 Sacramento County Program***Opinion on Compliance on First 5 Sacramento County Program***

We have audited Sacramento City Unified School District's compliance with the types of compliance requirements described in the Program Guidelines for the First 5 Sacramento County Program that could have a direct and material effect on the First 5 Sacramento County Program for the year ended June 30, 2023.

In our opinion, Sacramento City Unified School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its First 5 Sacramento County Program for the year ended June 30, 2023.

Basis for Opinion on Compliance with State Laws and Regulations

Our responsibility is to express an opinion on compliance on Sacramento City Unified School District's First 5 Sacramento County Program based on our audit of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on First 5 Sacramento County Program occurred. An audit includes examining, on a test basis, evidence about Sacramento City Unified School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for the compliance with the requirements of laws, regulations, contracts and grants applicable to its First 5 Sacramento County Program.

(Continued)

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Audit Guide will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of the government program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Audit Guide, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Audit Guide, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

(Continued)

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Purpose of this Report

The purpose of this report on compliance is solely to describe the scope of our testing over compliance and results of that testing based on requirements of the First 5 Sacramento County Program. Accordingly, this report is not suitable of any other purposes.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH
MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE;
REQUIRED BY THE UNIFORM GUIDANCE

Board of Education
Sacramento City Unified School District
Sacramento, California

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Sacramento City Unified School District 's compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of Sacramento City Unified School District 's major federal programs for the year ended June 30, 2023. Sacramento City Unified School District 's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Sacramento City Unified School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Sacramento City Unified School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Sacramento City Unified School District 's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Sacramento City Unified School District 's federal programs.

(Continued)

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Sacramento City Unified School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Sacramento City Unified School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we,

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Sacramento City Unified School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of Sacramento City Unified School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Sacramento City Unified School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

(Continued)

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

2023-001 DEFICIENCY – STATE COMPLIANCE – ATTENDANCE (10000)

Criteria: Education Code Section 41601. For purposes of this chapter, the governing board of each school district shall report to the Superintendent during each fiscal year the average daily attendance of the school district for all full school months during (1) the period between July 1 and December 31, inclusive, to be known as the “first period” report for the first principal apportionment, and (2) the period between July 1 and April 15, inclusive, to be known as the “second period” report for the second principal apportionment. Each county superintendent of schools shall report the average daily attendance for the schools and classes maintained by the county superintendent of schools and the average daily attendance for the county school tuition fund. Each report shall be prepared in accordance with instructions on forms prescribed and furnished by the Superintendent.

Condition: The District excluded Continuation Education ADA from the “B-6” line item in the “Other” section of the District-wide Second Period Report for the year ended June 30, 2023.

Context: We performed the audit procedures enumerated in the State of California *2022-23 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* and identified the finding described above.

Effect: The District is not in compliance with Education Code section 41601.

Cause: This was caused by a clerical error.

Fiscal impact: There is no calculated fiscal impact as total ADA is unchanged.

Recommendation: The District should ensure ADA is reported on the proper line items in the Second Period Report.

Views of Responsible Officials and Planned Corrective Action: The District has identified the error and made the necessary correction by submitting a revised 2022-23 P-2 report to the California Department of Education. The district has also restructured its attendance reporting process to allow for an additional layer of review by the budget team.

2023-002 DEFICIENCY – STATE COMPLIANCE – INSTRUCTIONAL MATERIALS (70000)

Criteria: Determine whether the school district governing board or county board of education, prior to making a determination through a resolution as to the sufficiency of textbooks or other instructional materials, held the public hearing or hearings required by Education Code section 60119 on or before the end of the eighth week from the first day pupils attended school for that year, or, in a school district or COE having schools that operate on a multitrack, year-round calendar, on or before the end of the eighth week from the first day pupils attended school for that year on any track that began in August or September.

Condition: The District did not hold the required public hearing regarding instructional materials within the first 8 weeks of school.

Context: We performed the audit procedures enumerated in the State of California *2022-23 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* and identified the finding described above.

Effect: The District is out of compliance with state requirements.

Cause: The District's Governing Board did not make a determination as to the sufficiency of instructional materials or textbooks within the 8-week time from the first day pupils attended school for that year.

Fiscal impact: There is no calculated fiscal impact.

Recommendation: The District should implement procedures to ensure a public hearing regarding instructional materials is held within the first 8 weeks of school.

Views of Responsible Officials and Planned Corrective Action: The district will ensure that the public hearing is held within the first eight weeks of school in compliance with the Pupil Textbook and Instructional Materials Incentive Act (Ed Code 60119). Furthermore, the District will ensure that the notice of public hearing will be posted in at least three locations throughout the district for at least ten days prior to the public hearing. In order to be compliant with these timelines, at the earliest possible date, all sites will be provided with a textbook inventory list and surveyed for textbooks/instructional materials needs. Surplus textbooks and instructional materials will be redistributed, additional textbooks and instructional materials will be ordered and distributed to sites. All preparations for SCOE site visits will be completed and communicated to sites. Insufficiencies will be remedied via collaboration between site and Library Textbook Services. All of these actions will be completed well in advance of the public hearing, which will be within the first 8 weeks of school.

**2023-003 DEFICIENCY – STATE COMPLIANCE – COMPREHENSIVE SCHOOL SAFETY PLAN
(40000)**

Criteria: Each school should adopt its comprehensive school safety plan as described in Education Code Section 32282 and reviewed and updated its plan by March 1 of the fiscal year.

Condition: 1 of the 14 comprehensive school safety plans inspected was reviewed and approved after March 1, 2023.

Context: We performed the audit procedures enumerated in the State of California *2022-23 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* and identified the finding described above.

Effect: The District is out of compliance with state requirements.

Cause: The District completed review of the school safety plan after the designated March 1, 2023 date.

Fiscal impact: There is no calculated fiscal impact.

Recommendation: The District should implement procedures to ensure they meet the deadlines set forth in the State Audit Guide.

Views of Responsible Officials and Planned Corrective Action: The District will continue to establish a deadline for review of the comprehensive school safety plans before March. The District will continue to establish a clear plan and process to reach timelines among District administration. Further, training forums for new and transitioning principals and staff will be provided in addition to technical support including increased notifications and updates for plans not submitted leading up to the deadline. We will pay particular attention to those who have historically struggled to have plans completed on time. The District will increase notifications and updates for plans that need to be edited leading up to the deadline.

2023-004 DEFICIENCY – STATE COMPLIANCE – IMMUNIZATIONS (40000)

Criteria: Verify that each pupil had two doses of a varicella vaccine and two doses of a measles vaccine as required by Title 17, California Code of Regulations section 6025 prior to admission, or has a current medical exemption from varicella and measles immunization on file. If the pupil had only one dose of either vaccine prior to admission, verify the second dose was received within four calendar months after the first dose.

Condition: Immunization records evidencing a second dose of varicella and measles vaccine were not obtained for four students, however, the students were admitted and attendance was claimed for the disallowed period.

Context: We performed the audit procedures enumerated in the State of California *2022-23 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* and identified the finding described above.

Effect: The District is not in compliance with the Title 17, California Code of Regulations section 6025 due to the inconsistency noted.

Cause: The District improperly admitted the student and claimed average daily attendance in the period in which the second dose had not yet been received.

Fiscal impact: The impact of this error is a loss of 0.189 ADA in the Grade Span of K-3 for a total of \$2,102.

Recommendation: This is a repeat finding. The District should ensure the Title 17, California Code of Regulations section 6025 requirements are properly followed prior to admission.

Views of Responsible Officials and Planned Corrective Action: The District has established deadlines for immunization compliance, as well as a number of guides and reports to use in monitoring immunization, that is communicated at the beginning of the school year to school sites and the centralized enrollment center. The District also provides a free SCUSD Immunization Clinic for qualified students that runs before school starts and on a bi-weekly basis throughout the school year. In addition to this resources, the District Student Support and Health Services Department will provide a monthly report to each school site with the list of students who are not compliant for immunizations. The reports will be accompanied by a list of action steps to schools must take to ensure all students are compliant. To ensure accountability, the District Student Support and Health Services Department will follow-up directly with school sites who do not take action. The District will increase notifications and updates throughout the year to ensure new staff are up to date on immunization resources and required action steps. In the summer months, the District will send families personalized notices about missing immunizations.

2023-005 MATERIAL WEAKNESS – STATE COMPLIANCE – AFTER AND BEFORE SCHOOL EDUCATION AND SAFETY PROGRAM (40000)

Criteria: Attendance Accounting and Reporting in California Public Schools, Title 5, CCR, Section 401 and 421 (b) and Education Code Section 44809 - Each LEA must develop and maintain accurate and adequate records to support the attendance reported to the State.

Condition: Of the 5 sites selected for testing for the After School Program, one site did not have the supporting sign-in sheets for the reported attendance from 9/1/2023 to 9/23/2023.

Context: We performed the audit procedures enumerated in the State of California *2022-23 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* and identified the finding described above.

Effect: The effect of this finding is an overstatement of 42 students served for the District's ASES program.

Cause: The District terminated service with the after school service provider at this site after September 23, 2023. Sign-in sheets supporting reported attendance were inadvertently misplaced by the prior service provider and the District did not maintain copies.

Fiscal impact: There is no fiscal impact noted.

Recommendation: The District should implement procedures to ensure proper written records are maintained at the District office as well as the service providers.

Views of Responsible Officials and Planned Corrective Action: Systems have been planned, implemented, and will be reassessed at the end of the academic year. This includes requiring that attendance is updated daily, per contractual guidelines; student sign-in sheets will be provided by agency providers monthly; and ongoing trainings will be provided during monthly professional development meetings. In addition, an exit list has been established for providers when services are terminated. Prior to final payment the following will be provided to the District: submitted student registration forms; attendance sign in sheets; completed supper forms; incident reports; and behavior plans and contracts.

**2023-006 MATERIAL WEAKNESS – STATE COMPLIANCE – TRANSITIONAL KINDERGARTEN
(40000)**

Criteria: Education Code Section 48000 paragraph (2) of subdivision (g) states that Commencing with the 2022–23 school year, maintain an average of at least one adult for every 12 pupils for transitional kindergarten classrooms at each school site.

Condition: Hubert Bancroft Elementary School did not maintain an adult to pupil average ratio pursuant to paragraph (2) of subdivision (g) of Education Code Section 48000.

Context: We performed the audit procedures enumerated in the State of California *2022-23 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* and identified the finding described above.

Effect: The District is out of compliance with state requirements.

Cause: The District did not maintain proper supporting documentation to provide evidence of an additional adult presence to meet the adult to pupil average ratio for the site tested.

Fiscal impact: The school site had deficit of 0.79 adult-to-pupil ratio. The impact of this error is a total of \$53,261.

Recommendation: The District should implement procedures to ensure schools maintain the required adult to pupil average ratio.

Views of Responsible Officials and Planned Corrective Action: The District has developed a ratio monitoring process to improve tracking of TK staff to student ratios and meet the required adult to pupil ratios.

2022-001 DEFICIENCY - SEGREGATION OF DUTIES IN JOURNAL ENTRY PROCESSING (30000)

Condition: Three individuals in the Accounting Services department have the ability to prepare and post journal entries into the financial system. This is a repeat finding of 2021-001.

Recommendation: We recommend that the District implement an internal control generating a log of journal entries prepared and posted by the same individual and require an independent individual to review and verify on a periodic basis.

Current Status: Implemented.

District Explanation if Not Implemented: Not applicable.

2022-002 DEFICIENCY – STATE COMPLIANCE –INSTRUCTIONAL TIME (40000)

Condition: In the Spring of 2021-2022 fiscal year, the District had a teacher strike in where 8 days of instructional time were not provided. As a result of these lost instructional days, the District’s total instructional days fell below the requirement of 180 days at 172 days. Relatively, the number of instructional minutes by grade level fell below the minimums instructional minutes required by Education Code 46207.
