BUDGET REVISION

PERIOD ENDING OCTOBER 31, 2012

INTRODUCTION

This report provides information on the Sacramento City Unified School District's budget and financial status.

This report consists of three elements of information for each fund presented: 1) Fund Description and Budget Update, 2) Budget Status and 3) Budget Revisions. These three elements are described more fully below.

FUND DESCRIPTION AND BUDGET UPDATE

For each fund, a narrative describes the fund's legal use. This **description** may also include other information, specific to our district, which relates to the fund.

The **budget update** includes the date the budget was last revised, and details any increases or decreases to the fund that have occurred since the last Board-Approved Budget Revision.

BUDGET REVISIONS

Each fund includes a "**Budget Revisions**" page which identifies any changes to the budget that have occurred since the last Budget Revision. These revisions must be ratified by the Governing Board. Some changes involve transfers within the fund. Other changes may increase or decrease the fund's total revenues, expenditures or ending balance. Details of budget increases or decreases are included in the Budget Revision Section.

The “Budget Revisions” page includes the following:

- Operating Budget displays the budget as it was last revised and approved by the Board, and indicates the date of Board approval.
- Proposed Budget Revisions include all increases, decreases, and transfers that have occurred since the last approved Budget Revision.
- Revised Operating Budget incorporates the proposed budget revisions into the Operating Budget. This Revised Operating Budget is carried forward to the Budget Status Report.

BUDGET STATUS REPORT

Each fund includes a “**Budget Status Report**” which provides the following information:

- The 2012-2013 Adopted Budget was adopted by the Governing Board in June 2012.
- The Revised Operating Budget includes all changes that have occurred since the budget was adopted.
- Actuals include all revenues received, bills paid or transfers made through the current reporting period.
- Encumbered transactions are purchase commitments based upon approved purchase requisitions, purchase orders or contracts.
- Balance of Revised Operating Budget calculates the available balance after deducting the actual and encumbered transactions from the Operating Budget. A positive balance represents revenues not yet received or expenditures not yet made. A negative balance means revenues have been received or expenditures have been made in excess of the Operating Budget.
- % of Budget Used, provides the reader with the percent of the Operating Budget used through the current reporting period.

FUNDS

GENERAL FUND

DESCRIPTION

The General Fund is used to record the ordinary day-to-day operations of the school district, and normally reflects all general revenue to the district. The General Fund also contains categorical programs such as the Economic Impact Aid Program, NCLB Title I Program and others.

BUDGET UPDATE

The Revised Operating Budget reflects adjustments and/or transfers within object codes since the budget was last revised. The following is a summary of any changes which have occurred since the last revision. Specific revisions are presented on the "Budget Revisions" page.

BUDGET STATUS REPORT

The Budget Status Report for the General Fund displays financial information in three ways:

- Part 1, General Fund, presents a summary of the actual revenues and expenditures for the General Fund. Also included are encumbrances for outstanding purchase orders or various contract services.
- Part 2, General Fund, presents in summary form a breakdown of the General Fund by the following components of the fund:

General Programs (unrestricted) - The activities funded by general purpose revenues.

Restricted Programs (partially funded) - The categorical programs (which include Special Education, Home-to-School Transportation, Special Education Transportation, Ongoing Maintenance, and Energy Education Project) that are partially funded by restricted revenues.

Restricted Programs (fully funded) - The federal, state and local special projects which are fully funded by the restricted funding source.

ADULT EDUCATION FUND

DESCRIPTION

The State Education Code requires that Adult Education be established as a separate fund within the school district. Due to the state budget crisis, some Adult Education funding has changed to unrestricted funds that will be an apportionment to the district's General Fund, based on the 2007-08 Adult Education apportionment from the state. Adult Education categorical funds continue to be restricted.

DEFERRED MAINTENANCE FUND

DESCRIPTION

The State of California appropriates funds for the purpose of major repair or replacement of plumbing, heating, air conditioning, electrical, roofing, floor systems and the exterior and interior painting of school buildings or such other items of maintenance as approved by the State Allocation Board. Under the Deferred Maintenance Program the state, within funds available, apportions an amount equal to one dollar (\$1.00) for each one dollar of local funds, up to a maximum of 1/2 per cent of the total General and Adult Education Funds budgeted by the school district, exclusive of any amounts budgeted for capital outlay or debt service. To qualify, the district developed a five-year Deferred Maintenance Program. For fiscal years 2008-09 through 2014-15, the Deferred Maintenance Program has been included in the state's Tier III Flexibility Program. Therefore, these funds are unrestricted.
